### Giving

**George Peter**

Regardless of one’s religious orientation, the holiday season is a time for giving. Cornell has hundreds of giving opportunities, large and small. We hear about it over and over. And people do this not only during the holiday season, but year after year! The Ithaca Journal recently ran an article about two former Cornell employees, Tom McHenry and Judy Vandenbosch, who are examples of the best of giving. Tom McHenry, the former director of the CU Health Program, always gave.

Using the Employee Degree Program (EDP), these individuals enrolled in obtaining a teaching certificate. The Master of Arts in Teaching (MAT) program, a graduate program, was created specifically for degree students at the College of Agriculture and Life Sciences.
