  Stay for the free concert by Ithaka 1860 quartet, The Dowsies on the Arts Quad at 7:30 p.m.

Last Call for Annual PawPrint Photo Contest

Deadline for entries is July 29

PawPrint invites you to share your photos in a competition of fun and spirit. At least five prints will be awarded each month. Winning entries will be featured in PawPrint and at on-campus exhibitions.

Guidelines

1. Submit only one picture per category. Categories are: Adults, Animals, Children; Cornell location; Flora or Fauna; Nature; Special Effects (digital enhancement); and Buildings/Structures.

2. Entries must not be submitted by anyone who is eligible. Family members of Cornellians, Cornell’s professional photographers, their support staff, student photographers, contest judges, and the PawPrint Editorial Board are asked not to participate. Winning photos from previous years’ contests are ineligible.

3. This is a contest for fun. Judges will look for composition, creativity, and the spirit of the photo in determining winners. There will be a narrow focus on technical detail.

4. Entry is limited to students, faculty, and staff. Entries may be turned in by Aug. 1.

5. Winning photos will be on display for a week in the building assigned to the contest judges, and the PawPrint will announce the winners.

6. Winning photos will be returned after winners are announced.

How to Enter

Take the handy land-lord to your nearest school or campus location. Frames are not required. Winners will be selected after winners are announced. August: Good luck!

The April 2nd issue of The Standard's report on a proposed increase of $237,000 in city services, including police and fire department salaries, and $950,000 for capital improvements. The report highlights the need for increased transparency in budgeting and a thorough analysis of the proposed expenses. The city council is scheduled to discuss the matter at its next meeting.

Clinical Trials of Immunotherapy for Lung Cancer

The National Cancer Institute (NCI) is conducting a phase II clinical trial to evaluate the safety and efficacy of a novel immunotherapy approach for the treatment of advanced lung cancer. The trial will recruit 60 patients with advanced non-small cell lung cancer who have failed one or more lines of chemotherapy. The primary endpoint of the trial is overall survival, with secondary endpoints including progression-free survival, and adverse event profiles. The study will run for five years, with the first patient enrolled in January 2023. For more information, contact Dr. Jennifer C. Lippincott at 301-402-0616 or jennifer.lippincott@nih.gov.

The Importance of Regular Sleep

Recent research has shown that sleep plays a crucial role in maintaining physical and mental health. A lack of sleep has been linked to an increased risk of chronic diseases such as heart disease, diabetes, and obesity. It also affects cognitive function, mood, and immune system. The National Sleep Foundation recommends that adults get 7-9 hours of sleep per night. However, many people do not get enough sleep, leading to a range of health problems. The importance of regular sleep cannot be overstated, and it is essential to prioritize sleep in our daily routines.
Blondes Have More Fun!

PLANTS ANNOUNCES CLASSES FOR YOUNG ARTISTS

In this exciting two-session workshop, Yulan Institute for Young Artists, children 6-12 years old will have a chance to explore and express their creative side in a stimulating environment. The goal is to create plant and nature-inspired illustration. Instruction will cover basic drawing and watercolor techniques, as well as an introduction to the history of nature illustration and its practical application today. Bring a sketchbook and your creativity!
