President and CEO of Greensprings 난 펜스에 관한 동의글을 작성하고 싶습니다. I am writing to express my strong agreement with the decision to relocate Greensprings.

Greensprings’ decision to relocate is a wise one. The new site will provide a safer and more sustainable environment for the burial process. The new location will also allow for increased sustainability efforts, such as the use of natural materials and reduced water usage.

I hope that the community and the staff of Greensprings will continue to work together to ensure a smooth transition to the new location.

Thank you for your commitment to excellence in end-of-life care.

Sincerely,

EC500 adds long distance cell phones

G

Good news! The ECSO (Employee Cell Telephone) service has been expanded to include long
distance cell phones. ECSO 500 is an optional feature that lets you use your
cell phone to receive calls on your place to campus landline phone number. Now, ECSO 500 bridges any cell phone, any phone, so that calls coming to the campus phone system may be transferred to you on your
landline area call, anywhere. Now, any cell can be bridged.
