“My girlfriends and I really enjoyed attending the gallery event in G01 Biotech. It was a pleasure to meet some of the other winners as I have seen their names in previous years, but now can put a face with their work. Also, thank you for the lovely prizes. I really enjoyed reading the Garden Path book.”

I want to thank all of you for your hard work, and setting up the gallery. It was a lot of fun talking to you, the other photographers, and other people at the reception. I really appreciated it.”—Steve Gallow
